NOTE: I've added a Search Engine into all my FAQs now. To use this, if there's something you wish to find instantly in my FAQ, in the above table, on the left is the name of a section or sub-section. To the right is a weird code, like GOK5.1. Basically, if you wish to go to the section where I tell you about Goku under The Playable Characters Of The Story, on your Keyboard, hold Ctrl and then hit F and a window will open. Type in GOK5.1 and hit Find Next. It'll bring you to that section instantly. The code to reach the Table Of Contents is just that: Table Of Contents. I hope this makes browsing my FAQs easier for you. Enjoy!

= I. Introduction [INTR1] =
=====

Hey, there and welcome to yet another guide by me, Kain Stryder. I'm doing a Terranigma guide and this time, it's for the numerous monsters in the game and what their stats are, how much Gems they drop, etc. This guide is here to help you out if you ever need to know something about a certain monster. Anyway, this guide is to NOT be on ANY other site, except for GameFAQs. I do NOT want to see this ANYWHERE else, unless I say so. Please do not edit or claim this guide in any way, shape or form, because I worked hard on it and I hate to see people claim things that aren't theirs to begin with and say they created them. Please just use this as a source and nothing more. Now, with that said, let's get on with the guide. Enjoy!

Update: This guide is also now available at IGN.

= II. Current Updates [CURUP2] =
=====

5/14/07 - Just writing in to let any readers know if they E-Mail me any questions or comments, that my address still works. My willpower to write walkthroughs over the last few years died, mostly to college and real life, but I may just start this up again. Feel free to write in, thanks.

11/22/03 - Added the new layout to this FAQ. How's it look?

6/25/03 - Finished the guide and I have made it the final version. If I ever need to revise or edit the guide in the future, I'll do so. If someone sends me something that I believe is worth putting in this guide, I'll also update with it. Until then, enjoy the guide and I hope it helps you.

There are none...yet. If I get any, I'll add some up, so start E-Mailing me so I can add to this area!

= V. Credits [CRED5] =

=====

Well, here's where I give credit to the ones that helped make this guide possible. Here's the following people I'd like to thank:

Enix - The company behind this AMAZING game. Honestly, I don't think I've ever played a more better game for the Super Famicom. I just love this

game, as it's one of my personal favorites. Thanks, Enix, for making this masterpiece and I hope you continue to make more great games, now that you're with Squaresoft. Without you, this guide wouldn't be here.

Myself - For writing this guide. Thanks for reading it and I hope it helped you in playing the game.

Thanks for reading my guide, first of all. I sure hope it helped you. If you wish to submit something to this guide, send it to ssj4kain@aol.com and label the subject as "Submit-Terranigma Monster" and as nothing else please. It isn't too hard and I'm not asking for alot. If you have any questions regarding this game, also send them to me and label the subject as "Question-Terranigma Monster" please. Again, not asking much here and it isn't hard to understand. Now for the legal stuff.
