# ROCK 'N' RESCUE

Willy, the Rockin' Kat, (our hero!) and his girl, Jill, are the cutest couple to jazz around New York in years! Unfortunately, while Willy was doing a solo, the local crime

boss, Mugsy, caught a peep at Jill and knew he had to have her! In his underhand way, he sent his loyal pack of thugs to kidnap poor Jill. It was cat-burglary, all right. By the time Willy finds out, his girl has been hidden away deep in the city.

The fur starts to fly when he takes on the crime world to save her. Willy must find his way through the hot streets, a not-so-funny amusement park, and the wild west (among other dangerous adventures!) with only his Punch Gun at his side. You'd better go along to help out!

Willy's Extra Lives

Like most Kats, Willy is great at finding really cool items. So be sure and pick 'em up to earn points and coins!

LIFE METER

**NOTE:** To move to a different channel during play, press Start to pause the game. Then push A button 3 times, and you'll get the select screen.

## CONTINUE & PASSWORD

If Willy's Life Meter runs out, he loses one life, so watch it closely! When the game is over, you can choose Continue or Password. Continue lets you keep playing from where you were stopped. You still have money, but items and points are lost.

Be sure to write down the Password correctly. It will contain ten letters or symbols.

To get your Password, select "Quit" when the Game Over screen appears. To use the Password, choose Password at the title screen. Move the Control Pad to enter the Password. Press A if it is entered correctly, or B to make changes.

**LEVEL CHANGES** You can pick channels in any order you wish, but the rule is: regardless of what channel you start on, the game will become progressively more difficult.

# FUN WITH THE PUNCH GUN!

Willy invented this weird weapon himself. He's up against so many enemies, he needed an extra hand!

## PUNCH

Push the B Button to fire the Punch Gun. If you use the Control Pad, Willy can sock it to 'em in eight different directions! It's every man for himself in this no-holds-barred free for all!

## SPIN ATTACK AND SUPER SPIN JUMP

Willy is one Swingin' Kat! If you jump up to a rail and press B, Willy will grab it. Push B again and he'll start spinning. Enemies are sent flying! Push B again to launch into a spinning jump!

## SUPER PUNCH JUMP

How high can Willy fly? Push A to jump up. Then press the Control Pad down. When Willy is almost floored, push B so he punches the ground. He'll be up, up and away!

## DASH ATTACK

Willy loves to slam dance. If he punches a solid object, he's propelled back, and will knock out any bad guys around.

## TO CATCH FALLING OBJECTS

To catch an item with the Punch Gun, place Willy's hand directly under it. Then push and hold down B. The Gun will open and act like a catcher's mitt. To throw the item, release B.

## ITEMS

There are many valuable items scattered about. These will all help Willy on his mission. Try to grab them all! To stock up on weapons, Willy has to

save his money, then visit the Shopping Channel. He can use the weapons he buys over and over.

### ITEMS

Pick up items that have been left behind. Be sure to grab 'em before they go off the screen, or they'll be gone for good.

#### BAG OF MONEY

Better than a pot of gold at the end of the rainbow! Do some shopping!

## WEAPON

To buy weapons, save up the coins Willy wins when he defeats enemies or plays the Bonus Channel. Select the Shop Channel (S) from the Channel Display Screen. To leave the Shop Channel, choose the Exit square. To use one of the weapons, press select, then pick out the one you want.

Some items are very expensive, so don't go spending money carelessly. Save for the weapons that will be the most helpful.

#### HAMMER PUNCH

This replaces Willy's hand with a metal ball

#### BOMB

Use this and Bombs will fly from the Gun.

#### JET SNEAKERS

Willy can fly longer and land slower with these.

#### TWIN BALLS

Every punch will shoot out two balls.

#### EXTRA LIFE

There is a time when even a cat needs one.

# BONUS CHANNEL

Willy has to really save his pennies to play the Bonus Channel, but it is very much worth it! There, you could win extra cash or characters. Play for as long as your luck holds out. To leave, select the Exit square.

## ROULETTE

In this game, you'll win the prize shown on the roulette wheel wherever lucky Willy lands. Fingers crossed!
