WARNING: READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation® 2 console, may induce an epileptic seizure in these individuals. Certain conditions may trigger previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game — dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions — IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:
Do not connect your PlayStation®2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNAUTHORIZED PRODUCT:
The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

HANDLING YOUR PLAYSTATION®2 FORMAT DISC:

- This disc is intended for use only with PlayStation®2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

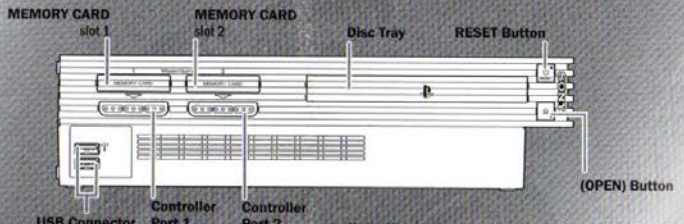
The motorcycles and all terrain vehicles (ATVs) included in this game may be different from the actual motorcycles and ATVs in terms of movement and performance. The racing and tricks in this game are intended to be fantasy. DO NOT IMITATE THE RIDING AND MOVEMENTS SHOWN IN THIS GAME. The manufacturers and distributors of the motorcycles and ATVs shown in this game recommend that all riders take a motorcycle and ATV training course. When riding a motorcycle or ATV, always wear a helmet, goggles and protective gear. Always supervise young riders. Always avoid excessive speeds and be careful on difficult terrain. And remember, when riding a motorcycle or ATV in real life, always ride it safely.

GETTING STARTED



* Note: Illustration may not match all PlayStation 2 console types. For owners of SCPH-70000 series PlayStation® 2 systems, refer to the setup instructions supplied with your system.

Set up your PlayStation®2 computer entertainment system according to the instructions in its instruction manual. Make sure the MAIN POWER switch (located in the back of the console) is turned on. Press the standby/RESET button. When the power indicator lights up, press the open button and the disc tray will open. Place the MX vs. ATV Unleashed™ disc on the disc tray with the label side facing up. Press the open button again and the disc tray will close. Attach game controllers and other peripherals, as appropriate. Follow on-screen instructions and refer to this manual for information on using the software.

Memory Cards

To save game settings and progress, insert a memory card (8MB)(for PlayStation®2) into MEMORY CARD slot 1 of your PlayStation 2. You can load saved game data from the same card, or any memory card (8MB) containing previously saved MX vs. ATV Unleashed™ games. For more information, see SAVING AND LOADING on page 10.

Note: At least 294 KB of free space is necessary to save each profile.

Racing Tips

Learn to use the clutch to get maximum acceleration coming off jumps and out of turns! Pull in the clutch (L1), grip the throttle (⊗), lean back slightly (↓) and let 'er rip (release L1) for a short burst of power. Be careful, though; you don't want to loop your machine! (Use this same trick to pop a wheelie--just lean back farther.)

Lean back (↓) going through whoop sections to get through them faster.

Lean forward (↑) and pop the clutch as soon as the gate drops to ace the hole shot.

Keep an eye out for shadows coming down on top of you. Having another rider drop on your head will cause both of you to crash.

Trick Tips

To get more air off jumps, get max preload on your suspension. Press ↓ at the bottom of the jump and press ↑ quickly just as you leave the jump. For backflips and Three Sixty Flips, press R1+↑ (or ←) at the bottom of the jump and ↓ (or →) at the lip of the jump.

Press and hold the last button(s) in a trick sequence to hold the trick for max points. Some tricks, such as the No-Hander, can even be held all the way until you land.

You can perform multiple tricks before landing. Input the next trick before the first trick finishes, but be sure you have enough time to finish the last trick before you land!

Add tricks to backflips and Three Sixty Flips for major points!

Single Player Mode

In Single Player Mode, you can choose to race single races (supercross, nationals, short track, open class, hill climbs, or supermoto), compete in freestyle events, accept challenges, or pick a location and just ride (free ride).

Ghost Racing Mode

Try to improve your lap times by racing against your best lap. There are no other opponents so improving your corner speed and rhythm selection may be the key to beating yourself to the finish line. Ghost Racing Mode is available in Supercross, Nationals, ShortTracks, OpenClass, or SuperMoto.

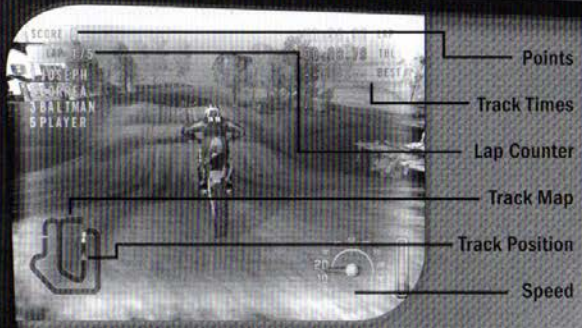
THE GAME SCREEN



MULTIPLAYER / ONLINE PLAY

Choose split-screen or Online to play against local or online opponents. After selecting Online, you must first accept the EULA, then you need to select your network configuration to view the DNAS screen. The GameSpy login page will appear next. Here, you can login with your Unique Nickname or create a new account. Once you are logged in, you can host or search for a game. As the host, you will set up all the preferences for the race such as vehicle types, track, etc... If you are joining a game, find a session that is to your liking and head to the lobby to chat before the race.

To play Online with MX vs. ATV Unleashed™, you'll need to have Your Network Configuration file saved on your memory card (8MB)(for PlayStation®2). You can use the Network Adaptor Start-Up Disc that came with your network adaptor (Ethernet/modem)(for PlayStation®2) to create a network configuration. If you are experiencing trouble with the MX vs. ATV Unleashed online feature and are using an Internet sharing device (e.g. broadband router or firewall) you may need to forward UDP port 4658 to the IP address assigned to your PlayStation®2 computer entertainment system.
