## PROFESSOR'S GADGETS

The Professor has been hard at work inventing new high-tech gadgets to aid Spyro on his journey. Collect Light Gems to power up the following gadgets:

**Ball Gadget:** Originally designed for a giant mutant hamster, this large steel sphere can help Spyro navigate treacherous slopes.

**Teleporter Gadget:** It's the only way to travel! Use this amazing machine to get from area to area in the Dragon Realms.

**Invincibility Gadget:** For those times when mortality just won't cut it, try being invincible! (Sorry, the effects are only temporary.)

**Super Charge Gadget:** This gadget gives Spyro super strength and speed for a short while. (For similar results, drink about 10 cups of coffee.)

## TREASURES AND COLLECTABLES

### Gems

The main currency in the Dragon Realms, gems come in various colors and values. Collect them to purchase power-ups from Moneybags.

Yellow Value = 100      Green Value = 5  
Purple Value = 25      Red Value = 1

### Wicker Baskets

These baskets are fairly fragile. Use any attack to destroy them and collect the gems inside.

### Metal Chests

These chests also contain gems, but are fairly strong. Smash them with something powerful, such as Spyro's horns, Blink's bombs or Hunter's fist.

*Collect those Light Gems! The more you can collect early on, the sooner you'll be able to use the Professor's Gadgets.*

### Locked Chests

Purchase a Lock Pick from Moneybags to open these for special items.

### Horn Dive Chest

These can only be destroyed by a force from above. Use Spyro's Horn Dive, Blink's Butt Bounce or Hunter's Pounce Stomp to break them open.

### Strong Chests

You will need some extra power to open these chests. Demolish them by using the Super Charge, igniting nearby Firecrackers, or shooting them with Hunter's Fire Arrows.

### Explosive Chests

Watch out for the explosive fireworks that erupt when one of these is destroyed.

### Dark Gems

These evil gems are scattered throughout the land, absorbing all life around them. Smash the gems to restore the Dragon Realms to their former majestic beauty.

### Light Gems

Collect these precious gems to open up new areas and to activate the Professor's gadgets.

### Dragon Eggs

These eggs were stolen and hidden throughout the Dragon Realms. Return them to the Dragon Nanny to unlock special features.

### Firecrackers

Light these on fire to destroy Strong Chests.

## MAP AND STATUS SCREEN

Keep track of Spyro's location and progress in the Dragon Realms by pressing the SELECT button to access the Map and Status Screen at any time.

The Map Screen is initially blacked out, with the name of the level at the bottom. As Spyro explores the Dragon Realms, he automatically fills in the blank map areas. You can access maps from previous areas by pressing the R1 button or L1 button in the Map Screen.

Press the  button to access the Task List. The various inhabitants of the Dragon Realms will request help, and the quests they give to Spyro show up in the Task List. As each task is completed, Spyro will automatically place a "check" next to it.

To keep track of what Spyro has collected, press the  button to view the Status screen. The left side of the Status screen shows the total number of Dragon Eggs and Light Gems collected, Dark Gems destroyed, and percentage of the game completed. In the right portion of the screen, you can see how many Dragon Eggs you still need to collect to unlock special features.

You can check the quantity of each of your power-ups by pressing the R1 button. This will especially help you avoid overspending when visiting Moneybags! (Although he won't mind.)

Press the  button to access the Help screen. This will list all the helpful hints and instructions that Spyro has learned in each level.

## BOSSSES

### Gnasty Gnorc

Wanna guess who's back? Having been banished from the Dragon Realms long ago, Gnasty has returned to team up with Red to form a diabolical alliance.

### Ineptune

Hardly wet behind the ears, Ineptune is the evil queen of the Seven Seas. She has teamed up with Red and is bent on stopping Spyro in his quest.

### Red the Evil Dragon

This powerful new foe is behind the creation of the Dark Gems, which are laying waste to the Dragon Realms. Spyro will have to muster his most powerful abilities to defeat this mighty opponent!
