WARNING: READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation 2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation 2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNAUTHORIZED PRODUCT:

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

HANDLING YOUR PLAYSTATION 2 FORMAT DISC:

- This disc is intended for use only with PlayStation 2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

GETTING STARTED

Set up your PlayStation² computer entertainment system according to the instructions in its Instruction Manual. Make sure the MAIN POWER switch (located on the back of the console) is turned ON. Press the RESET button. When the power indicator lights up, press the OPEN button and the disc tray will open. Place the *Indigo Prophecy* disc on the disc tray with the label side facing up. Press the OPEN button again and the disc tray will close. Attach game controllers and other peripherals, as appropriate. Follow on-screen instructions and refer to this manual for information on using the software.

Press the **START** button at the title screen, and then log on using an existing profile or create a new profile. When you start the game for the first time, you are requested to enter a Log In name, which will constitute the name of your saved game.

Indigo Prophecy is unlike other games you have played, and we suggest that you play through the Tutorial before you begin the main story. At the Main Menu, select New Movie and then select Tutorial. Follow the on-screen instructions to learn how to control the characters in *Indigo Prophecy*.

SAVING AND LOADING

To save game settings and progress, insert a memory card (8MB) (for PlayStation²) into MEMORY CARD slot 1 of your PlayStation² system. The first saved profile require 136KB of space; subsequent saved profiles require 69KB. You can load saved game data from the same memory card or any memory card (8MB) (for PlayStation²) containing previously saved games.

Your progress through the game — including unlocked story chapters and bonus points — will be automatically and transparently saved on your memory card (8MB) (for PlayStation²) each time you see a red icon in the upper right corner of the screen (providing you have not disabled the AutoSave feature in the Options Menu).

When you select Continue from the Main Menu, the game will load at the last save point of the current Log In.

To load a new Profile, select Options at the Main Menu and then select Change Login. You will be prompted to select a Profile or create a new one.

You can create as many Log In names as you want, provided you have enough space on the memory card. If you do not have sufficient space, a prompt message will inform you.

INTRODUCTION

My desire to create video games dates back to the arrival of 3D real time. I remember how many possibilities suddenly opened up because of this new technology. I saw it as a new means of expression where the world could be pushed to its limits. It was my way of exploring new horizons. I felt like a pioneer filmmaker at the start of the 20th Century: grappling with basic technology, but also being aware that there is everything left to invent - in particular a new language that is both narrative and visual.

To be honest, the ten years that followed didn't satisfy my hunger. I was under the impression that video games were only exploiting a tiny part of their amazing creative potential, because they concentrated on "Action" and totally neglected a fundamental element of all human experience - emotion. The technology, meanwhile, was moving much faster.

Indigo Prophecy is my contribution to the transformation of video games into a true form of expression that conveys emotion. The solutions I offer are not the only ones,

but *Indigo Prophecy's* huge merit is that it asks real questions and offers concrete answers. It shows how it's possible to create an interactive experience that is more than just killing monsters in corridors and shooting crates to find ammunition. It shows that it's possible to create experiences that are richer and deeper. It shows that it's also possible to tell a story and play a game without sacrificing either the interactivity or the narrative. I

hope you, as skilled or occasional players, will enjoy the experience that we have tried to create here. If you hold prejudices against video games, I hope that *Indigo Prophecy* will help you reconsider your judgment. I also hope that more people will be tempted to explore this new creative path, injecting their own inspiration, talent and ambitions. Interactivity is still in its infancy. There is still everything left to invent.

Indigo Prophecy has been a huge part of our lives these last two years and has proved to be a vast human and intellectual adventure for the whole Quantic Dream team, one that has forced us to question many of the principles that we previously took as read. I will consider myself fortunate if, like the books, films, and songs that have made lasting impressions on you, *Indigo Prophecy* could leave some small trace too.

David Cage

THE STORY

Indigo Prophecy begins as you witness an unspeakable crime. However, unlike most murder mysteries, the criminal's identity is no secret. In fact, you should quickly figure out how to cover your tracks and get away even though ample evidence points directly to you as the murder suspect.

You know that you are not consciously guilty, but you also know you were holding the murder weapon as you came out of your murderous trance. Now you must somehow discover the truth before the cops find you, or you simply succumb to the gravity of the situation you are in and lose your mind.

Stories are always better when told from more than one perspective. In *Indigo Prophecy*, you also play as two NYC detective partners assigned to the murder. It looks like a psycho killer went off and left lots of evidence behind in the process. But it's clear that something isn't right. Can you figure out what it is and stop the serial killings?

There are many ways that the *Indigo Prophecy* story can be told and end. The decisions you make as the characters you play will steer the story through one of these paths. We encourage you to experiment with different responses, actions and outcomes.

CHARACTERS

LUCAS KANE

There is no reasonable explanation for why Lucas brutally murdered a stranger in a late-night diner. But Lucas is certain that he was not in control of his own body while the crime took place. Lucas has one option – uncover the truth and somehow find a way to clear himself.

CARLA VALENTI

As an NYPD detective, Carla knows all about the bizarre. The gruesome scene in Doc's Diner seems like the work of a psychotic mind, but Carla suspects that this case involves a force far more sinister than madness.

TYLER MILES

Tyler knows he has been working too much. He can see it in the way that he and his girlfriend Samantha are getting along. Unfortunately, nights aren't getting any shorter now that he and Carla have picked up the Doc's Diner case.

MARKUS KANE

It had been two years since Markus last spoke to his brother Lucas. And now this terrible confession... What will Markus do with the knowledge that his brother is a murderer?

INTERACTING WITH ITEMS

When you move your character in front of an object or person, an action icon will sometimes appear at the top of the screen. The white line and moving red dot indicate the direction to move the **right analog stick** in order to perform an action.

NOTE

IF YOU SLOWLY MOVE THE RIGHT ANALOG STICK, YOU WILL ALSO BE ABLE TO UNFOLD THE ANIMATION OR MOVE BACK AND FORTH. DO IT SLOWLY TO REALLY FEEL THAT YOU HAVE CONTROL OF THE MOTION.

INTERACTING WITH PEOPLE

If you choose to talk to another character, dialog options are presented at the top of the screen. Move the **right analog stick** in the direction indicated by the white line and moving red dot to select a dialog choice. The blue meter below the dialog choices represents the amount of time you have to choose your response. If you don't say something before the blue bar disappears, the game will make a

default choice for you. If there is a red symbol, you will exit the dialog.

Dialog is structured in a way to give a strong feeling of natural pacing and emulate the continuity of a real dialog. Key words appear as ideas cross your mind. You won't be able to ask all of them as the dialog progresses, so you should think about what you want to ask.

NOTE

IF YOU ARE NOT INTERESTED IN A DIALOG AND WANT TO MAKE IT AS SHORT AS POSSIBLE, JUST DON'T MAKE ANY CHOICE WHEN THE RED SYMBOL IS DISPLAYED ON THE LEFT OF THE TIME BAR AND THE DIALOG WILL QUICKLY END.

Don't worry – you will never get stuck because you did not ask the right question or missed something in a dialog. The game always checks that you have the minimum amount of information you need to understand the story and continue. But if you don't play dialogs, you may miss some side information or even some scenes, so be careful.

It is generally better not to let the game make a default choice for you, as it is generally not the most interesting or revealing choice that will be made.

ACTION CONTROLS

During an action sequence, two colored rings appear in the middle of the screen, corresponding to the directions of the **left analog stick** and the **right analog stick**. Make the corresponding moves as quickly as directions are turned on, in order to successfully complete the sequence.

When you see this on screen, push the **left analog stick** and/or the **right analog stick** in the directions indicated.

The white dots at the top of the screen indicate the number of lives you have left. When you run out of lives, the story ends.

NOTE

YOU CAN MODIFY THE DIFFICULTY LEVEL OF THE ACTION SEQUENCES BY SELECTING THE OPTION MENU, THEN CONTROLS, AND THEN CHANGING THE "DIFFICULTY LEVEL" SETTING TO EASY, NORMAL OR HARD.

This symbol appears on screen each time strength or stamina is involved. When you see this on screen, alternately push the **L1 button** and the **R1 button** as quickly and steadily as you can. The quicker you are, the faster the animation will be played.

In some places in the game, slight variations of this interface may occur, where your task will be to keep the dot in the middle by balancing the **L1 button** and the **R1 button**. You will be informed by an alert on screen before this type of variations occurs.

MAIN MENU

Use the **directional buttons** or **left analog stick** to highlight an option (listed below), and press the **X button** to select it.

NEW MOVIE

Load the Tutorial or play *Indigo Prophecy* from the opening scene.

CONTINUE

Continue the game from the last save point for the current Profile.

CHAPTERS

As you complete chapters in *Indigo Prophecy*, they are unlocked and available for replay here. Select a chapter and press the **X button** to replay it. You will have the option of not saving your progress, loading a new profile, or overwriting your saved progress for the current profile. Press the **R1 button** to page ahead; press the **L1 button** to page back.

OPTIONS

Modify game options (see "Options Menu" below).

BONUS

As you play the game, you will discover Tarot Cards that earn you Bonus Points. Spend your Bonus Points here to unlock concept art, movies, Making Of material, exclusive scenes and more.

OPTIONS MENU

Choose Options from the Main Menu to adjust various game settings. Press the **up** and **down directional buttons** to select an option. Press the **X button** to go to that option sub-menu.

AUDIO

Global volume – Set the overall game volume.

Music volume – Set the music volume.

Voices volume – Set the volume for character voices.

Effects volume – Set the volume for sound effects.

VISUAL

Screen Position – Press the **X button** to readjust how the game screen is positioned on your television. Press the **directional buttons** to reposition. Press the **X button** to return to the Visual menu.

Display Type – Select Normal or Panoramic (widescreen) display mode.

CONTROLS

Vibration – Toggle vibration ON / OFF.

See Controls – View a diagram of the in-game controls.

SUBTITLES

Turn dialog subtitles ON / OFF.

CHANGE LOGIN

Press the **X button** to go to the Profiles screen. Select an existing profile to load or create a new one.

AUTOSAVE

Toggle the Autosave feature ON / OFF. This feature automatically saves your progress at regular checkpoints.

DIFFICULTY LEVEL

Select Easy, Normal or Hard. (Only affects the action sequences).

MENTAL HEALTH

You will really need to care for your character as you will also have control on their Mental Health. Certain physical actions, some moral choices you will have to make, but also the relationships you will have with other characters will have positive or negative effects on your characters' mental health. When a character's mental health drops too low, it can lead them to depression or other negative outcomes.

Your Mental Health Status is displayed in the lower right corner of the screen, with a blue meter. This meter is automatically displayed each time your Mental Health changes. You can also display it manually at any time by pressing the **O** button.

TIP
REGULARLY CHECK THE MENTAL HEALTH OF YOUR CHARACTER. IF IT GOES TOO LOW, TRY TO FIND A PHYSICAL OR EMOTIONAL ACTION THAT WILL HELP HIM/HER TO FEEL BETTER AND TO AVOID ANY UNPLEASANT ACTION OR EVENT.

PDA

Press the **SELECT** button to bring up a character's Personal Digital Assistant (PDA). Press the **right analog stick** to switch between the Information and Character Log screens. The Information screen contains the following:

Mental Status: The state of the character's mental health. Try not to let it fall too low.

Elapsed Time: The amount of time you have been playing the movie with the current Profile.

Lives: Some action sequences can injure or even kill a character. Each "miss" in a critical action sequence costs a life. If you run out of lives, the game is over.

Bonus Points: Certain actions and discoveries in the game earn you Bonus Points. You can use these to unlock concept art, movies and other goodies at the Bonus Menu.

Bonus Unlocked: The percentage of total Bonus Points that you've earned.

Story Completed: The percentage of the story that you've completed.

On the Character Log screen, press the **directional buttons up** and **down** to scroll through the current entry; press the **directional buttons left** and **right** to scroll through entries.

Say Goodbye

by *Theory of a Deadman*

She said "Don't leave this up to me to say that I don't love you anyway"
Just leave it up to me to say goodbye
Because these good times will never last
Keep a handle on the wheel and a foot on the gas
We thought it would last forever
I wish you'd just remember

Chorus

No
Will anything change your mind?
(She said)
A one way ticket was a pretty good sign
(And I said)
Well how can you leave it all?
(And she said)
There ain't much to leave behind
Just say goodbye
So say goodbye
Say goodbye
So say goodbye
Just say goodbye
So say goodbye
Say goodbye

Next time I'll take it slow
And as for you I'll never know
At least next time I'll try to understand
So please don't leave this up to me to say that you don't love me anyway
I'll just leave it up to you to say goodbye
Cuz these good times will never last
Keep a handle on the wheel and a foot on the gas
We thought it would last forever
In case you don't remember

(Chorus)

Just say goodbye...

Well, these good times will never last
Keep a handle on the wheel and your foot on the gas
We thought it would last forever
In case you can't remember

No
Will anything change your mind?
(She said)
A one way ticket was a pretty good sign
(And I said)
No
(And she said)
No
(And I said)
No
(And she said)
(Chorus)

Santa Monica

by *Theory of a Deadman*

She fills my bed with gasoline
You think I wouldn't notice
Her mind's made up
Her love is gone
I think someone's trying to show us a sign
That even if we thought it would last
The moment would pass
My bones will break and my heart would give
And I remember the day when you left for Santa Monica
You left me to remain with all your excuses for everything
And I remember the time when you left for Santa Monica
And I remember the day you told me it's over

It hurts to breathe
Well every time that you're not next to me
Her mind's made up
The girl is gone
And now I'm forced to see
I think I'm on my way
Oh, it hurts to live today
Oh and she says "Don't you wish you were dead like me?"

And I remember the day when you left for Santa Monica
You left me to remain with all your excuses for everything
And I remember the time when you left for Santa Monica
And I remember the day you told me it's over

I wanted more than this
I needed more than this
I could use of more than this
But it just won't stop
It just won't go away

I needed more than this
I wanted more than this
I asked for more than this
But it just won't stop
It just won't go away

And I remember the day when you left for Santa Monica
You left me to remain with all your excuses for everything
And I remember the time when you left it all behind
And I remember the day you told me it's over

And I remember the day when you left for Santa Monica
You left me to remain with all your excuses for everything
And I remember the time when you left for Santa Monica
Yeah, I remember the day you told me it's over

No Surprise
by Theory of a Deadman

Friday is when you left me
So I drank myself to sleep
And Sunday is when I'll wake up
Not to remember a thing

My friends all say the same thing
I don't know my new girl too well
(I know)

That all this lying gets to me
And no one seems to give a shit
(The way)

She talks to every guy in the bar
(I guess)
It should've raised some kind of alarm
Who'd ever think I'd go in and end up
Like all the other guys that you're gunning for

Chorus

Well it ain't no surprise
That you'd turn me on and leave
It ain't no surprise
That you'd turn it around on me
I don't know why
You won't give me what I need
It ain't no surprise
That that bitch is leavin' me

My friends are mean to me
They say I don't break up too well
(They know)

All this crying gets to me
And no one seems to give a shit
Well I know you want to

So go on and say it
Just go on and say it
Just go on and say it

(Chorus)

Friday is when you left me
So I drank myself to sleep
And Sunday I never woke up

(Chorus)

No Way Out
by Theory of a Deadman

Such a beautiful face
Such a beautiful waste I say
Just when you think I'm lost you found your way
That little angel on my shoulder says
Not to do those things you did
That little angel on my shoulder screams
"I think I lost my way"

So take your thoughts and run away
From a god who ain't much of a know-it-all
So follow me and hold your breath again till I say
when
Did I say when?

Such a beautiful land
Such a beautiful sin I say
(A sinner say)
Just when you pull me in I push away
(I push away)
That little devil on my shoulder says
I'll make you do those things you did
That little devil on my shoulder screams
"I think you found your way"

So take your thoughts and run away
From a god who ain't much of a know-it-all
So follow me and hold your breath again till I say when
Did I say when?

There's no way out for you
But you can follow me, just follow me down
There's no way out for you
So just follow me, just follow me down

Your god ain't much of a know-it-all
Your god ain't much of a know-it-all
Your god ain't much of a know-it-all
Your god ain't much of a
No, he's nothing at all

There's no way out for you
But you can follow me, just follow me down
There's no way out for you
So just follow me, just follow me down

There's no way out for you

TECHNICAL SUPPORT (U.S. & CANADA)

HELP VIA THE INTERNET

Up-to-the-minute technical information about Atari products is generally available 24 hours a day, 7 days a week via the Internet at:

atarisupport.com

Through this site you'll have access to our **FAQ** (Frequently Asked Questions) documents, our **Hints/Cheat Codes** if they're available, and an **Email** area where you can get help and ask questions if you do not find your answers within the **FAQ**.

Note: In the event we must send you a Hint Sheet, FAQ document, patch or update disc via Email, we may require verifiable consent from a parent or guardian in order to protect children's privacy and safety online. Consent Forms are available at the web site listed above.

HELP VIA TELEPHONE IN THE U.S. & CANADA

For phone assistance, call **Atari Technical Support** at **(425) 951-7108**. Our **Interactive Voice Response** system is generally available 24/7, providing automated support solutions immediately.

This console-based product has automated support, which includes information such as gameplay tips, information on Control Keys, possible Cheat Code combination keys, and instructions for finding secret screens and/or additional game levels (if these type of items exist and are made available for this particular product).

Great News! We've improved our Automated Systems so that you can get product-specific Troubleshooting help more quickly. All you need to do is enter the product's **Part #** when prompted to do so. This will take you directly to all of our known issues and solutions for this title. The product's **Part #** is located in several places (on the CD label, Game Pak, package and/or plastic disc case, if applicable) and is usually identified by a number such as **04-12345**. When prompted by the Automated System, enter the **last five digits** of your product's Part #. (For example, Part # 04-12345 would require that you enter the "12345" portion of the number for that product.) **Note:** Some products simply feature a five-digit Part # without an "04-" prefix.

Live support is generally available Monday through Friday, 8:00 AM until 6:00 PM (Pacific Time). **Note:** We may be closed on major holidays.

PRODUCT RETURN PROCEDURES IN THE U.S. & CANADA

In the event our technicians at **(425) 951-7108** determine that you need to forward materials directly to us, please include a brief letter explaining what is enclosed and why. Make sure you include the Return Merchandise Authorization Number (RMA#) supplied to you by the technician, and your telephone number in case we need to call you. You will receive the mailing address when the technician gives you the RMA#. Any materials not containing this RMA# will be returned to you unprocessed.

WARRANTY POLICY IN THE U.S. & CANADA

If our technicians determine that the product storage medium is found to be defective within ninety (90) days of original purchase, (unless otherwise provided by applicable law), Atari will replace the item free of charge, to the original purchaser, if the item is accompanied by the original dated receipt and packaging.

END-USER LICENSE AGREEMENT

IMPORTANT — READ CAREFULLY: Please be sure to carefully read and understand all of the rights and restrictions described in this End-User License Agreement (“EULA”).

AGREEMENT

This document is an agreement between you and Atari, Inc. and its affiliated companies (“Company”). The enclosed software game disc(s), cartridge or Game Pak (“Software”) and any accompanying printed materials are licensed to you only on the condition that you accept all of the terms contained in this EULA.

By opening this package and installing or otherwise using the Software you agree to be bound by the terms of this EULA. If you do not agree to the terms of this EULA you may not install or use the Software and within 15 days of purchase you must call the Tech Support telephone number listed in the manual accompanying the Software (the “Manual”). Select the Automated Phone System’s Main Menu option for Consumer Services and follow the prompts.

You will be given a Return Merchandise Authorization number (RMA #) by the technician. You then have 15 days from the date of this contact to return the Software in its protective covering, the Manual and the original sales invoice to the address supplied to you.

If this is a PC product, when you install the Software you will be asked to review and either accept or not accept the terms of the EULA by clicking the “I Accept” button. By clicking the “I Accept” button you acknowledge that you have read the EULA, understand it and agree to be bound by its terms and conditions.

COPYRIGHT

The Software is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. All title and copyrights in and to the Software (including but not limited to any images, photographs, animations, video, music, text and “applets” incorporated into the Software) and any printed materials accompanying the Software are owned by the Company or its Licensors.

GRANT OF LICENSE

The Software is licensed and not sold to you and its use is subject to this EULA. The Company grants you a limited, personal, non-exclusive license to use the Software in the manner described in the user documentation. The Company reserves all rights not expressly granted to you in this EULA.

PERMITTED USES

1. If the Software is configured for loading on a hard drive, you may install and use the Software on a single computer.
2. You may make and maintain one copy of the Software for backup and archival purposes, provided that the original and copy of the Software are kept in your possession.
3. You may permanently transfer all your rights under this EULA, provided you retain no copies, you transfer all of the Software (including all component parts, the media and printed materials and any upgrades) and the recipient reads and accepts this EULA.

RESTRICTIONS

1. You may not delete or obscure any copyright, trademark or other proprietary notice on the Software or accompanying printed materials.
2. You may not decompile, modify, reverse engineer, disassemble or otherwise reproduce the Software.
3. You may not copy, rent, lease, sublicense, distribute, publicly display the Software, create derivative works based on the Software (except to the extent expressly permitted in the Editor and End-User Variation section of this Agreement or other documentation accompanying the Software) or otherwise commercially exploit the Software.
4. You may not electronically transmit the Software from one computer, console or other platform to another or over a network.
5. You may not use any backup or archival copy of the Software for any purpose other than to replace the original copy in the event it’s destroyed or becomes defective.

EDITOR AND END-USER VARIATIONS

If the Software includes a feature that allows you to modify the Software or to construct new variations (an “Editor”), you may use such Editor to create modifications or enhancements to the Software, including the construction of new levels (collectively the “Variations”), subject to the following restrictions. Your Variations: (i) must only work with the full, registered copy of the Software; (ii) must not contain modifications to any executable file; (iii) must not contain any libelous, defamatory or other illegal material, material that is scandalous or invades the rights of privacy or publicity of any third party; (iv) must not contain any trademarks, copyright-protected work or other property of third parties; and (v) may not be commercially exploited by you, including but not limited to making such Variations available for sale or as part of a pay-per-play or timesharing service.

TERMINATION

This EULA is effective until terminated. You may terminate this EULA at any time by destroying the Software. This EULA will terminate automatically without notice from the Company if you fail to comply with any provisions of this EULA. All provisions of this EULA as to warranties, limitation of liability, remedies and damages will survive termination.

LIMITED WARRANTY AND DISCLAIMER OF WARRANTIES

You are aware and agree that use of the Software and the media on which is recorded is at your sole risk. The Software and media are supplied "AS IS." Unless otherwise provided by applicable law, the Company warrants to the original purchaser of this product that the Software storage medium will be free from defects in materials and workmanship under normal use for ninety (90) days from the date of purchase. The warranty is void if the defect has arisen through accident, abuse, neglect or misapplication. If the Software fails to conform to this warranty, you may at your sole and exclusive remedy, obtain a replacement free of charge if you return the defective Software. Follow the Product Return Procedures described in the Manual. The Company does not warrant that the Software or its operations or functions will meet your requirements, or that the use of the Software will be without interruption or error.

TO THE FULLEST EXTENT PERMISSIBLE UNDER APPLICABLE LAW, EXCEPT FOR THE EXPRESS WARRANTY SET FORTH ABOVE, THE COMPANY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING AND WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. EXCEPT FOR THE EXPRESS WARRANTY SET FORTH ABOVE, THE COMPANY DOES NOT WARRANT, GUARANTEE OR MAKE ANY REPRESENTATION REGARDING THE USE OR THE RESULTS OF THE USE OF THE SOFTWARE IN TERMS OF ITS CORRECTNESS, ACCURACY, RELIABILITY, CURRENTNESS OR OTHERWISE. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF OR LIMITATIONS ON IMPLIED WARRANTIES, SO THE ABOVE EXCLUSIONS AND LIMITATIONS MAY NOT APPLY TO YOU.

LIMITATION OF LIABILITY

IN NO EVENT WILL THE COMPANY OR ITS EMPLOYEES OR LICENSORS BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, CONSEQUENTIAL OR PUNITIVE DAMAGES, OR ANY DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR INJURY TO PERSON OR PROPERTY, FOR LOSS OF PROFITS, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, LOSS OF PRIVACY, FAILURE TO MEET ANY DUTY AND NEGLIGENCE) ARISING OUT OF OR IN ANY WAY RELATED TO THE USE OR INABILITY TO USE THE SOFTWARE, EVEN IF THE COMPANY OR AN AUTHORIZED REPRESENTATIVE OF THE COMPANY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE EXCLUSION MAY NOT APPLY TO YOU.

IN NO EVENT WILL THE LIABILITY OF THE COMPANY FOR DAMAGES WITH RESPECT TO THE SOFTWARE EXCEED THE AMOUNTS ACTUALLY PAID BY YOU FOR THE SOFTWARE.

CHOICE OF LAW AND VENUE

This EULA is governed by the laws of the United States of America and the State of New York, exclusive of its conflicts of law provisions. The exclusive venue for litigation regarding or arising from this EULA is New York County, New York and you agree to submit to the Jurisdiction of the courts of New York County, New York for any such litigation.

MISCELLANEOUS

If any provision or portion of this EULA is found to be unlawful, void, or for any reason unenforceable, it will be severed from and in no way affect the validity or enforceability of the remaining provisions of the EULA.

This EULA constitutes the entire agreement between you and the Company regarding the Software and its use.
