INTRODUCTION

After a dreadful summer with the Dursleys, Harry Potter can't wait to start his third year at Hogwarts School of Witchcraft and Wizardry. Events take a strange turn, however, when Harry discovers that Sirius Black, the man believed to have betrayed Harry's parents and thus responsible for their murders, has escaped from the wizard prison Azkaban. Black appears to be seeking revenge on Harry for thwarting "You-Know-Who", while the Dementors, Azkaban prison guards sent to Hogwarts to protect the school and recapture Black, affect Harry in a disturbing way. With the help of Ron and Hermione, Harry is intent on unraveling the mystery surrounding Sirius Black and his escape from Azkaban.

Note: For details on assigning spells and items to buttons, see *Inventory* on p. 9.

COMPANION PLAY

This adventure is Harry's most difficult yet – so he'll need all the help that Ron and Hermione can give him.

Each companion has special abilities, skills and spells that may be used to carry out tasks and solve puzzles. If one companion cannot complete a task or puzzle, try swapping to other companions and see if they're more successful (they may tell you that they can help!).

HARRY POTTER

Harry Potter, "the boy who lived", survived an attack by the dark wizard, Lord Voldemort. Harry's athletic prowess is useful when it comes to climbing and jumping gaps.

RON WEASLEY

The sixth of Arthur and Molly Weasley's children to attend Hogwarts and a loyal friend to Harry. Ron's curiosity makes him a natural explorer and he can find passages that others might miss. In addition, Ron's fondness for items from Zonko's, the magical joke shop, means he's an expert with Stink Pellets and more!

HERMIONE GRANGER

Hermione's bravery and intelligence can prove invaluable. She is a gifted spell-caster and meticulous with her studies – both of which can help in a variety of ways. Hermione is also nimble and agile when it comes to treading where others may be less able.

RUNNING, WALKING AND SNEAKING ABOUT

- Press the left analog stick fully in the direction of travel for swifter progress.
- Half-press the left analog stick to move at a slower, walking pace.
- Push up against certain walls to 'Wall Sneak' (creep along walls and ledges quietly).
- To step away from a wall, press the **X** button.

INTERACTING WITH THE WORLD

- Move in close to people and objects to see if you can interact with them. If you can, the on-screen Action Button (**X** button) tells you what to do.
- Approach and explore unfamiliar objects – this can be extremely useful in your adventure.
- You can push and pull heavy objects to clear the way, or use them to help you climb.

Note: Remember, some items may be too heavy for one companion to move. You might need to call one of the other companions to help using the Call Companion Button (**L1** button).

JUMPING, CLIMBING AND HANGING

When every door you've tried is locked and cupboards contain no vital clues, sometimes the only way out of a situation is to climb...

- Harry can climb up and down chains. Press the Action Button (**X** button) to make him take hold of one.
- Slowly walk towards a ledge in order to hang from it.
- To drop from a ledge (when hanging from it), press the **X** button.
- To climb up onto a ledge when hanging from it, press the left analog stick **↑**.
- To leap across a chasm, run Harry towards it (his athletic ability allows him to leap across chasms that the others cannot clear).

Note: There are a number of different ways to explore. Watch the on-screen Action Button (**X** button) as you step up to walls, doors and other objects.

SPELLS AND CHARMS

Note: Some spells are already known by all the companions, while others must be learned at Hogwarts.

	Flipendo	Knocks objects and creatures backwards.
	Expelliarmus	Duelling spell used to disarm an opponent.
	Carpe Retractum	Harry can use this spell to pull objects, and to pull himself toward objects.
	Draconifors	Hermione can use this spell to transfigure Draconifors dragon statues.
	Expecto Patronum	Harry can use this protective charm to fend off Dementors. This highly advanced magic is well beyond Ordinary Wizarding Level.
	Glacius	Hermione can use this spell to freeze water, create ice blocks and defend against certain creatures.
	Lumos Duo	Ron can use this wand-lighting charm.
	Reparo	Hermione can use this mending charm to repair damaged objects.

CASTING SPELLS

Note: Before you can cast a spell, you need to assign it to a controller button. See *Inventory* on p. 9 for information on how to assign spells.

To Aim a Spell:

1. Face the desired target, then press and hold the **R1** button. If you can aim at the target, a sparkling indicator appears around it.
2. As soon as you've aimed, press the chosen Spell Button and the spell is cast.
 - Press the **X** button to try to dodge projectiles or spells while targeting.

Note: Keep the **R1** button held down until you cast the spell or you may miss the target!

TARGETING MULTIPLE OBJECTS

If you encounter multiple opponents, you can target each of them in turn. Press the **R1** button repeatedly to cycle through potential targets.

SUCCESSING IN THE SPELL CHALLENGES

In each Spell Challenge there are a number of Challenge Shields to find. Finding all of these Shields helps you achieve the highest possible marks.

TASKS

In order to progress through the game, Harry, Ron and Hermione must all complete certain tasks. Check this list regularly, day and night, to keep your adventure on track. Remember that the companions need their rest, so make sure they get a good night's sleep each night. The Sleep Icon flashes up on the screen when it's time to end the day. Go to the Task screen and select the Sleep Button.

QUESTS

The Quests section shows all the items that the companions have found. Here you can check your collector's cards, see what items have been collected and find out the current Gryffindor house points total.

FOLIO UNIVERSITAS

Collector's cards detail the famous (and infamous) characters and magical creatures and are hugely popular with young wizards-in-training. You can find collector's cards around Hogwarts, or you can buy them from Fred and George's shop on the sixth floor of Hogwarts. They can then be stored in the Folio Universitas.

FOLIO BRUTI

The Folio Bruti contains valuable information Harry, Ron and Hermione have collected about magical creatures. Information is added when you find loose pages around Hogwarts. Check here for clues on how to defeat different magical creatures.

CHALLENGE SCORES

Look here for a record of how the companions have done in their Challenges.

HERMIONE'S STATUE LIST
