CHARACTERS

Read all about them. Each of the four characters have unique abilities. Breeze through this section to learn how to use them.

Dorothy

Basic attack: Kick (x)
Jump: (A or B)
Throw: (Y)

Wand power ups:

Bubble Wand

Blows bubbles across the screen towards enemies.

Star Wand

Fires a shooting star straight across the screen.

Special features: Dorothy can power up her Ruby Slippers by grabbing the flying slipper icon. To use the slippers press and hold the **A** button. Press the Control Pad left/right to move left/right. You will fly as long as you hold the **A** button or until your slippers run out of power. Be careful!

The Scarecrow

Basic attack: Pitchfork strike (A).
 Jump: (A or B)
 Throw: (Y)
 Special features: The Scarecrow can walk on mud and stand on thin branches that no else can stand on. After all, he is stuffed with straw. Of course he also does a fine job scaring crows away.

The Tin Man

Basic attacks: Low kick (X)
 High ax chop (A)
 Throw: (Y)
 Special features: Tin isn't very flexible and neither is The Tin Man. He can't jump or duck so keep that ax handy.

The Cowardly Lion:

Basic attack: Claw strike (A)
 Throw: (Y)
 Special features: This big cat can climb certain objects. Give it a try for a new perspective on the game. Throughout the game you'll find useful objects. Read the following section to learn how to put them to use.

Yellow Jewels - All characters can throw jewels (Y button) to blast a path down the yellow brick road. You can aim the gems by holding the Control Pad up or down before pressing the Y button to fire. Each jewel you pick up is only good for three shots so grab as many as you can.

Ticket - You must collect six tickets from each country to open each of the four gates in Emerald City. If you don't gather all the tickets you need you'll have to find them before you can finish the game.

Bricks - To bridge the gorges between countries you have to collect bricks. When you finish a country the bricks you have gathered will form a bridge to the next country. If you haven't gotten enough bricks you might have to jump over gaps or you can return to a previously cleared level to find more bricks to bridge the gaps.

Flying slipper - Watch out! The slippers work for only a limited time. Be careful or you might take a tumble.

Health helpers

Each character has two special items that add health points only to them. The basic health helper adds four points to a character's health meter. The hot health helper adds four points and an extra life. Not a bad deal.

Dorothy

Health: Glinda's Bubble

Life: Blue Bow

The Scarecrow

Health: Haystack

Life: Graduation Cap

The Tin Man

Health: Oil Can

Life: Heart

The Cowardly Lion

Health: Tofu (He's a vegetarian, you know.)

Life: Medal

If you get stuck try this section for some friendly advice.

- ★ Practice! You can't always solve every puzzle or beat every level on the first try.
- ★ Use different characters. Each character has unique abilities. Use the one that is best for each level.
- ★ Some levels have warp doors. Warping through certain doors will send you to a special area filled with hard to get special items.
- ★ After rescuing a character go back to earlier levels and look for special items for the new character.
- ★ Once you clear a level you can return and collect items such as bricks and extra lives.
- ★ Look for Toto's dog bones. One of Toto's treats indicates that you are close to a puzzle and solving puzzles can help you out, and if you don't get it the first time try again.
- ★ All characters can pick up items for other characters.
- ★ Once a character is gone, they are gone for good. Keep an eye on their life power.
- ★ Remember the kick, chop, poke, and claw basic attacks. They will help you out.
